

# OPEN HOUSE

YU is honored to be part of the Buckman and Central Eastside community and eager to meet our neighbors.

YU is a contemporary art center in Portland, Oregon with a vision to produce and present the most thought-provoking contemporary art, to form a community of ideas relevant to Portland and to empower the artistic imagination and cultural life of the Northwest. YU will realize this mission by creating art exhibitions, performances, public programs and events with regional, national and international artists as well as engaging in community and educational activities.

Come and tour our facilities in the historic Yale Union Laundry Building with the leaders of the project and enjoy refreshments. We are very excited to meet you and share this vision!
